MEDICAL

Limited Term Staff (LTEs) with the minimally required work hours are eligible for medical benefits only.

Stateside employees of InterVarsity now have the choice of two medical plans; one a traditional PPO plan, and one a qualified High Deductible Health Plan (HDHP). Both options are covered in further detail on the following pages. Anthem will continue to be the administrator of our plan, which means all of the tools and resources available to employees are the same. Both plans are also self-funded meaning the money raised via the Benefits Charge is what is used to pay each health plan's claims. Using <u>LiveHealth Online</u> telemedicine or calling Health Advocate for locating providers and estimating costs can save money and keep our medical plans affordable.

ANTHEM MEDICAL PROVIDERS

To find an in-network provider, go to www.anthem.com for the most up-to-date provider list.

ANTHEM'S LIVEHEALTH ONLINE

Anthem members have access to a national network of U.S. board-certified doctors on-demand 24/7 to diagnose, treat and prescribe medication, if necessary, for many of your medical issues. It's quality care when you need it at an affordable price - **\$0.00** copay on the Anthem PPO! **Just call 888.548.3432**, download the App or go to <u>livehealthonline.com</u>.

IF YOU LIVE IN HAWAII OR ARE A LINK EXPATRIATE

If you live in Hawaii, you have medical, drug, and vision coverage through <u>UHA</u>. Eligibility for this plan is based upon minimally part-time (20 hours per week) employment status.

If you are a Link expatriate working overseas, you have medical and drug coverage through <u>United</u> <u>Health Care (UHC).</u>

Both plans' information is available on the Staff Life Site under <u>Health Plan</u> or contact Human Resources for coverage and network options.

Cost Relief Program

Specialty drugs offer innovative therapies in addition to traditional medicines for a variety of health conditions- but they often come at high costs. With Cost Relief, members receive savings on select specialty medicines. By an eligible member participating in the Cost Relief program, it could result in \$0 copays* on certain specialty drugs. **Members must opt into the program to benefit from the** savings.

*Members enrolled in Cost Relief and the HDHP plan will need to satisfy the deductible before they will see the \$0 benefit.

Let's look at how a member can get to a \$0 copay:

Susan has a prescription for a specialty medication. The cost of the medication is \$1,500.1

A Cost Relief representative reaches out to her about the program by mail, phone, and email.

Susan decides to enroll and is approved for the program.

She receives support to manage enrollment and renewals for copay programs.

Susan pays \$0 for her specialty medication.2,3

What happens if a member decides not to enroll in the Cost Relief program?

If a member does not enroll in the program, they will be responsible for the coinsurance, which is 30% of the cost for preferred drugs and 45% for nonpreferred drugs. Members can decide to enroll at any time by speaking with a specialty pharmacy representative

FLEXIBLE SPENDING ACCOUNT (FSA)

With a Flexible Spending Account (FSA), you can set aside tax-free money to pay for eligible expenses. InterVarsity offers three types of FSAs through EBC:

- The Health Care FSA
- Limited Purpose FSA (for those on the HDHP to be used for non-medical expenses)
- The Dependent Care (Day Care) FSA

When you participate in an FSA, you decide how much you want to contribute each plan year. The money you contribute is then taken from your pay before taxes are deducted – this lowers your taxable income, which means lower taxes for you! You're eligible for both FSAs even if you don't elect medical or dental coverage through InterVarsity.

For 2025, Health Care and Limited Purpose FSA expenses are limited to \$3,300 per plan year with a \$660 rollover the following year. To be eligible for the rollover provision, you must have a minimum annual election of \$60 for the following calendar year. And if you have any rollover and wish to enroll in the HDHP for the upcoming plan year, your rollover funds will rollover into a Limited Purpose FSA if you elect to enroll in that FSA plan. Please note that the annual limit on Health Care and Limited Purpose FSA elections may change based on IRS regulations.

Your Health Care or Limited Purpose FSA will be linked to a personal EBC Debit Card, to maximize your spending account benefit. Just like your bank debit card is linked to your checking or savings account, your spending account card is linked directly to your spending account. For complete information on the card, visit the EBC Spending Account website at www.ebcflex.com.

DEPENDENT CARE FSA

For the Dependent Care FSA, you generally can contribute up to \$5,000 each year per household. This FSA can be used to cover expenses for the care of an eligible dependent (a child or a dependent adult), such as nursery or day care costs, so you and your spouse (if you're married) can work or look for work.

NOTE: Spending Account Debit Cards are not available for use with Dependent Care FSA Plans.

IMPORTANT!

As with any great tax break, there are a few important rules for FSAs, so make sure to review the information from EBC before you enroll.

FSAs come with a "use it or lose it" rule. You need to use all the funds in your FSA during the calendar year-or you'll forfeit any remaining funds over \$660. Be sure to plan carefully!

HEALTH SAVINGS ACCOUNTS

A Health Savings Account (HSA) is a tax-advantaged personal health care account that works with the InterVarsity Christian Fellowship HDHP. You can contribute funds into an HSA on a pre-tax basis to save for current and future medical expenses – putting you in charge of how you spend your health care dollars.

How it works

Save it.

An HSA allows you to start saving for health expenses by contributing funds tax-free. There are three ways you can save:

Note: The money you save into an HSA is exempt from Federal income tax and State income taxes (in most states), and even earns interest.

Use it.

As you save money into your HSA, you can use your Employee Benefits Corporation (EBC) debit card to pay for things like prescriptions, deductibles, eye exams and flu shots - as long as it's a qualified health care expense.

Never lose it.

Unused funds roll over from year to year, and unlike an FSA, there are no "use-it-or-lose-it" rules. So, if you change jobs, change health care plans or retire, it doesn't matter, the funds are yours...for life!

HEALTH SAVINGS ACCOUNTS (CONT.)

InterVarsity has partnered with EBC to provide Health Savings Account administration. With an HSA, you can set aside tax-free money to pay for eligible expenses. You are only eligible to enroll in the HSA if you enroll in a HDHP.

Employee Benefits Corporation

If you enroll in the HDHP, InterVarsity will make monthly contributions of \$50 for single and \$100 for employee+1 and family coverages up to maximum annual amounts of \$600 and \$1,200. You may make contributions to your HSA by electing a pre-tax payroll deduction.

The 2025 IRS annual contribution limits for HSAs are \$4,300 for single and \$8,550 for employee-plusone and family coverages. These annual totals include both InterVarsity and your contribution amounts. If you are age 55 or older, you can contribute an additional \$1,000 as a catch-up contribution.

Your HSA will be linked to a personal EBC Debit Card, so utilizing your funds will be easy, simply swipe your card! What can HSA funds be used for? Any Qualified Medical Expenses - including, but not limited to, the following items. For a full list of allowable expenses, visit the IRS website for the most up to date information.

Examples of Qualified HSA Expenses:

- Medical, dental and vision deductibles and coinsurance amounts
- Prescription drugs
- Certain Long Term Care insurance premiums
- COBRA continuation health coverage premiums
- Hearing aids
- Smoking cessation programs
- Wheelchairs
- Medicare Premiums

EBC also partners with WealthCare Saver for HSAs. With this partnership, if you accumulate enough funds in your HSA, you will also have the opportunity to invest these dollars as well in a variety of investment funds. Remember, investment growth on HSA funds is tax free!

IMPORTANT!

As with any great tax break, there are a few important rules for HSAs, so make sure to review the information from EBC before you enroll.

In short, the idea is to make sure that confidential health information that identifies (or could be used to identify) you is kept completely confidential. This individually identifiable health information is known as "protected health information" (PHI), and it will not be used or disclosed without your written authorization, except as described in the Plan's HIPAA Privacy Notice or as otherwise permitted by federal and state health information privacy laws. A copy of the Plan's Notice of Privacy Practices that describes the Plan's policies, practices and your rights with respect to your PHI under HIPAA is available from your medical plan provider. For more information, visit www.healthcare.gov.

NOTICE OF SPECIAL ENROLLMENT RIGHTS

The annual open enrollment plan choices are available only once a year. The choices you make will remain in effect until the next annual open enrollment, unless you experience a qualifying event or lose eligibility under another plan. If you decline enrollment for yourself or your dependents (spouse or children) because of other insurance or group plan coverage, you may be able to enroll yourself and your dependents in this plan or switch to another plan option for which you are eligible if:

- You or your dependents lose eligibility for that other coverage; or
- The employer stops contributing towards your or your dependents' other coverage.

However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

The plan will also allow a special enrollment opportunity if you or your eligible dependent(s) either:

Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible; or

Become eligible for a state's premium assistance program under Medicaid or CHIP.

For these enrollment opportunities, you will have 30 days from the date of the Medicaid/CHIP eligibility change to request enrollment in the group medical plan. This new 30-day period does not apply to any other special enrollment situations. To request Special Enrollment, or obtain more information, contact the Human Resources Department.
