

# Coaching in the Greenhouse

**MAIN FOCUS | Believe that students are the experts for their context. Cultivate their ideas.**

**15 MINUTE SESSION | 3 parts**

- 1. Opening question: What are you working on?**
- 2. Closing question: What are you taking away from this? What do you want to do next?**
- 3. Coaching Form: After each coaching conversation, fill out the online form with information about what you covered. Students will take their canvases home with them.**

## 10 Go To Questions

1. What do you want to start?
2. How have you heard from God about this?
3. What is your first step?
4. What is your next step?
5. Who do you want to partner with you? Why?
6. Who can help you figure this out?
7. What are your big questions?
8. What could hinder you or stop your plans?
9. What do you need from Jesus right now?
10. How can I pray for you?

# Coaching the Canvases

## Canvas: Vision & Partners | see your campus through God's eyes

- Main products: Network Map  
Vision Pitch Video for grant contest
- Good coaches: Help students make a clear, simple and compelling vision statement that resonates with who they are and the need that they are seeing.  
Help the student brainstorm connections in their network.
- Great coaches: Encourage the student to pursue the vision as an adventure, not a project. They trust in Jesus' ongoing leadership of the student.  
  
Help the student see their whole network as a web of God-given relationships, and help the student discern where God is already at work.

## Canvas: Plans | cultivating your idea into reality

- Main Products: Clear Goals  
Timeline of Discipleship Cycles for people to encounter Jesus.
- Good coaches: Help the student set healthy, reasonable goals, and plan missional activities as Discipleship Cycles.
- Great coaches: Lean on the student as the expert for their context and help them creatively design plans that help people encounter Jesus.  
Help the student set goals based on the student's own spiritual convictions from God.

## Canvas: Multiply | learning how to raise up new leaders

- Main Products: Identify apprentices  
An apprenticeship timeline
- Good coaches: Help the student make a network map and come up with a plan to raise up apprentices.
- Great coaches: Uses the network map as a lens to see God's activity in the student's relationships.  
  
Help them identify their leadership DNA that they can pass on to other Apprentices. They help the student understand and bless the sent-ness of everyone they invest in.
