

Pre Course Assignment: “The Story of Me and the Bible”

Spend some time reflecting on "The Story of You and the Bible":

- * What was your relationship with the Bible growing up?

- * How has your relationship to the Bible changed over the course of your life? What are some of the things that have influenced that?

- * What role has personal Bible study played in your spiritual development?

- * What role has communal Bible study played in your spiritual development?

- * What texts has God most used in your life? When? How?

- * (For staff) How do you help students to "love God's Word?"
